

ACACIA - (P-SCA) Airline

The FHS Acacia Airline is designed for Air and Water delivery applications. It has good flexibility in cold temperatures with excellent UV resistance. The robust construction incorporating a high visibility cover and smooth inner tube offer excellent kink resistance. This combined with a working pressure of 230 psi and a burst pressure of 920 psi make it the ideal hose for use with portable pneumatic equipment in Australia's harsh conditions.

FEATURES:

- Good flexibility, even at cold temperatures.,
- Excellent UV resistance to suit Australian conditions.
- High abrasion resistance.
- Ideal for use with portable pneumatic equipment.
- Temperature Range - (-5°c to + 60°c)
- Manufactured to Australian Standard AS2554 Class B.
- Working pressures tested at 20°c.

CONSTRUCTION:

- Inner Tube : White flexible PVC with smooth finish.
- Reinforcement: High tenacity polyester yarn
- Outer Cover: U.V. Stabilised Blue & Yellow PVC with smooth finish

PVC PRESSURE HOSE

Nominal ID	Nominal OD	Working Pressure	Burst Pressure	Weight	Lengths available
mm	mm	psi	psi	kg/mtr	m
6	12	230	920	0.11	20, 60#, 100, 300#
8	14.2	230	920	0.13	20, 50#, 100, 300#
10	17.5	230	920	0.18	20, 30, 70#, 100, 200#
12.5	19.5	230	920	0.19	20, 50#, 100, 200#
